## **Market Potential Calculation**

If your business does sales objectives, inventory planning, new products launching, performance measuring, our vision to calculate the **Market Potential Calculation** based on the behavior of customers rather than on the behavior of your sales could positively impact your business in:

- Proper inventory and distribution planning.
- Make timely and accurate adjustments.
- Costs and efforts efficiency.

03

• Meet your goals with solid foundations guidance.

With our expertise in geospatial analysis and consulting with scientific bases, we have built a **Market Potential Calculation** methodology to support your business:

02

to cover them with.

opportunity is.
